

# A Framework for Obtaining the Ground-truth in Architectural Recovery

---

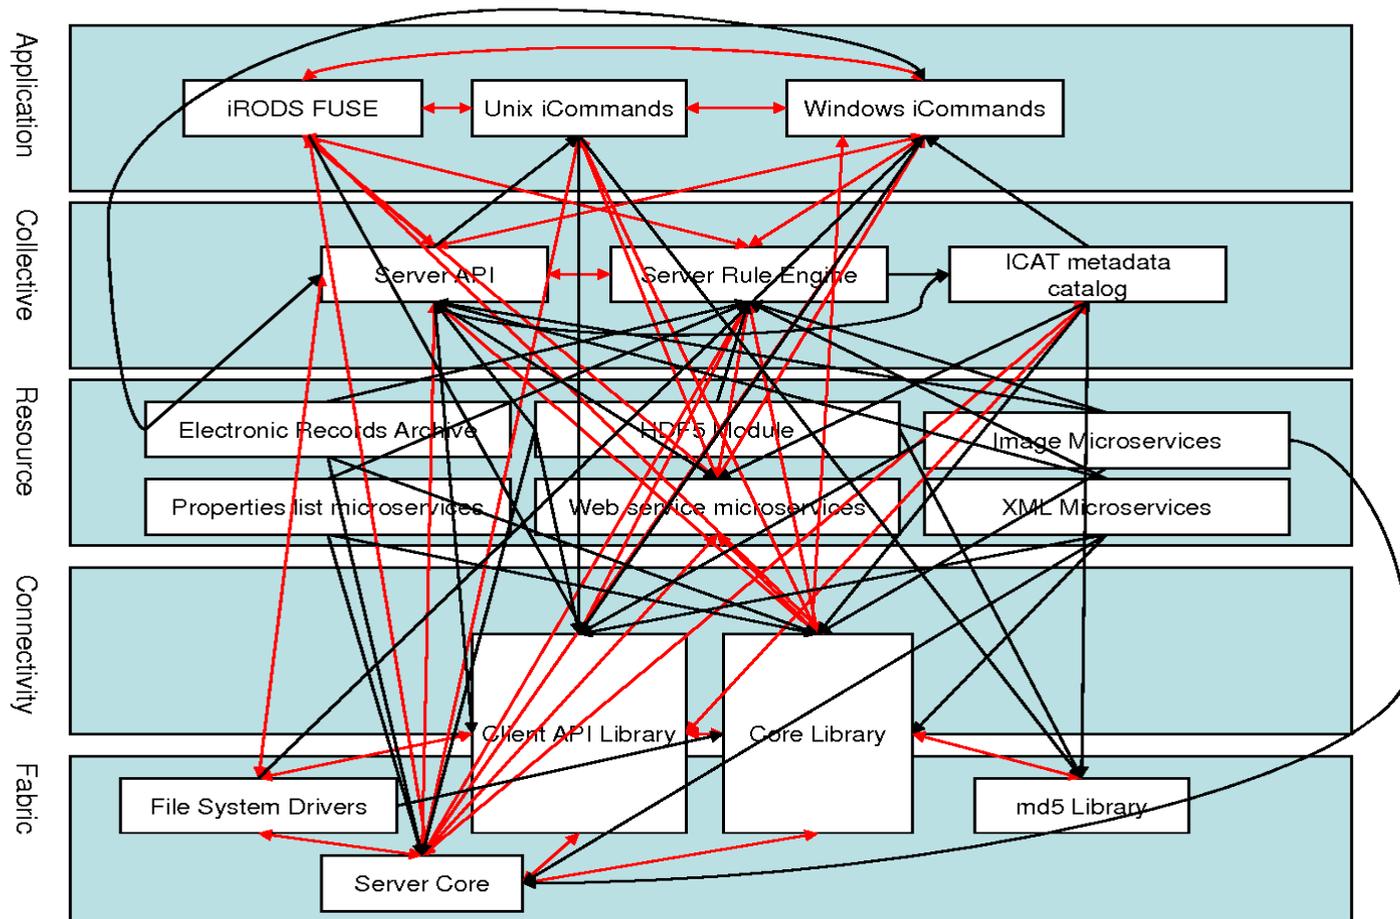

**Joshua Garcia**, Ivo Krka, and Nenad Medvidovic  
University of Southern California, Los Angeles, CA, USA

Chris Douglas  
Yahoo! Labs, USA

# iRODS – Prescriptive Architecture

# iRODS – Descriptive Architecture

# Architectural Recovery

- Architectural recovery techniques
  - “The” architecture
  - Inaccuracies
- Criteria for evaluating recovery techniques
  - Authoritative recovery

# Ground-Truth Recoveries

- Ground-truth recovery
  - An architect or engineer of the system
- Existing ground-truth recoveries
  - Smaller systems
  - Very coarse-grained
- Build a repository of ground-truth recoveries

# Our Framework

- Solution approach:
  - Framework for obtaining ground-truth recoveries
    - Mapping principles
    - Recovery process
- A case study on Hadoop

# Mapping Principles

- Generic
- Domain
- Application
- System Context
  - Spans across other principles

System  
Context

Generic Principles

Domain Principles

Application Principles

# Ground-truth Recovery Process

- Ensure consistency
- More informed intermediate recoveries
  - Different types of information and principles
- Roles
  - Recoverer
  - Certifier
    - Minimize burden
    - Maximize time and expertise

# The Eight Steps of the Process

# The Eight Steps of the Process

**Step 1:** Gather  
domain & app.  
principles

# The Eight Steps of the Process

**Step 1:** Gather domain & app. principles

**Step 2:** Select generic recovery technique

# The Eight Steps of the Process

**Step 1:** Gather domain & app. principles

**Step 2:** Select generic recovery technique

**Step 3:** Extract implementation info

# The Eight Steps of the Process

**Step 1:** Gather domain & app. principles

**Step 2:** Select generic recovery technique

**Step 3:** Extract implementation info

**Step 4:** Apply generic technique

# The Eight Steps of the Process

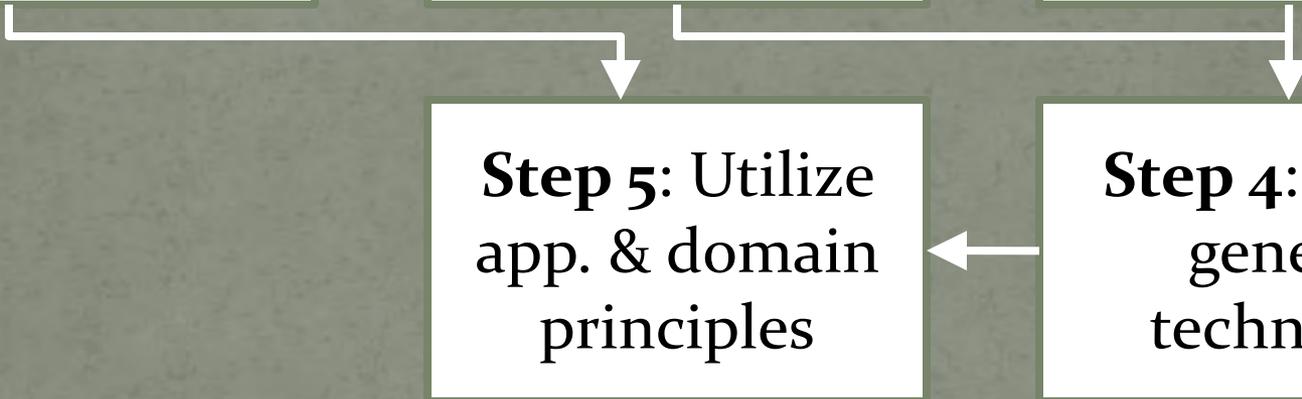

**Step 1:** Gather domain & app. principles

**Step 2:** Select generic recovery technique

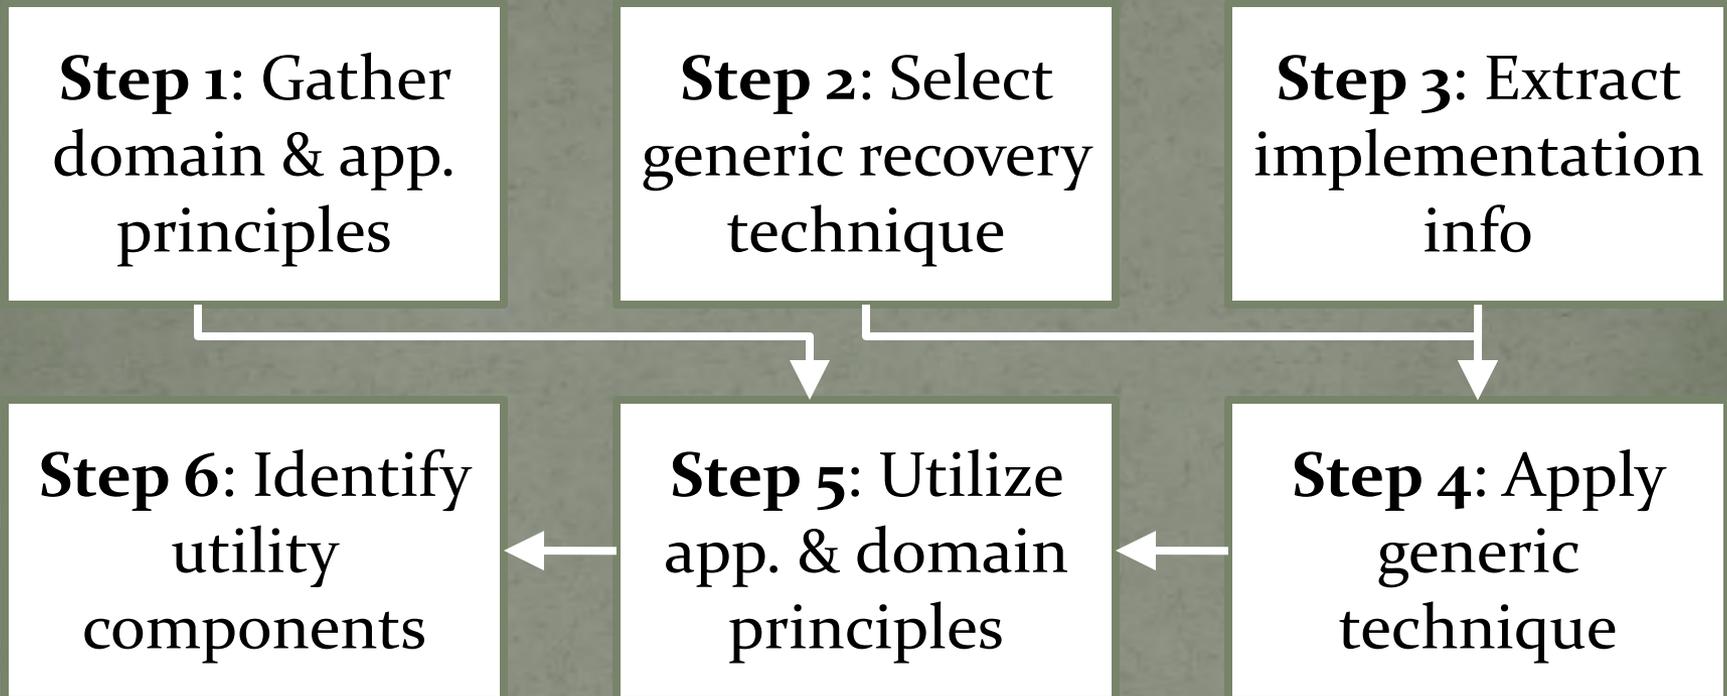

**Step 3:** Extract implementation info

**Step 5:** Utilize app. & domain principles

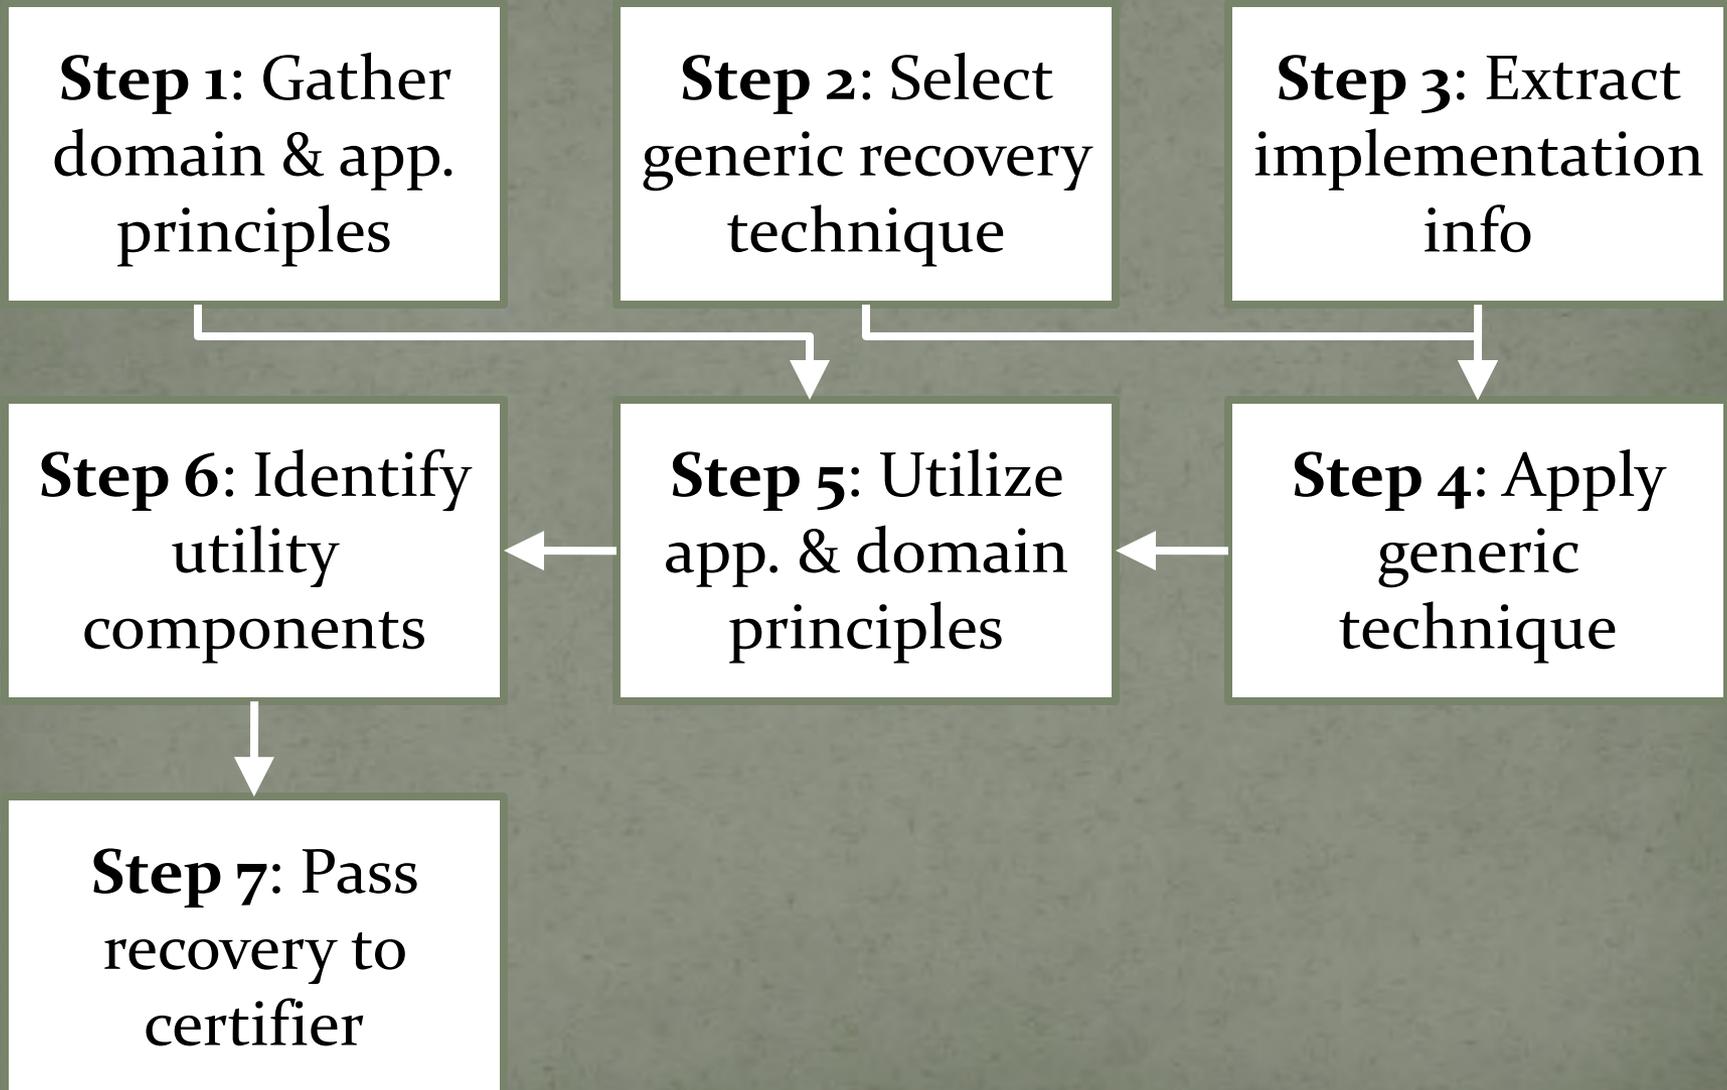

**Step 4:** Apply generic technique

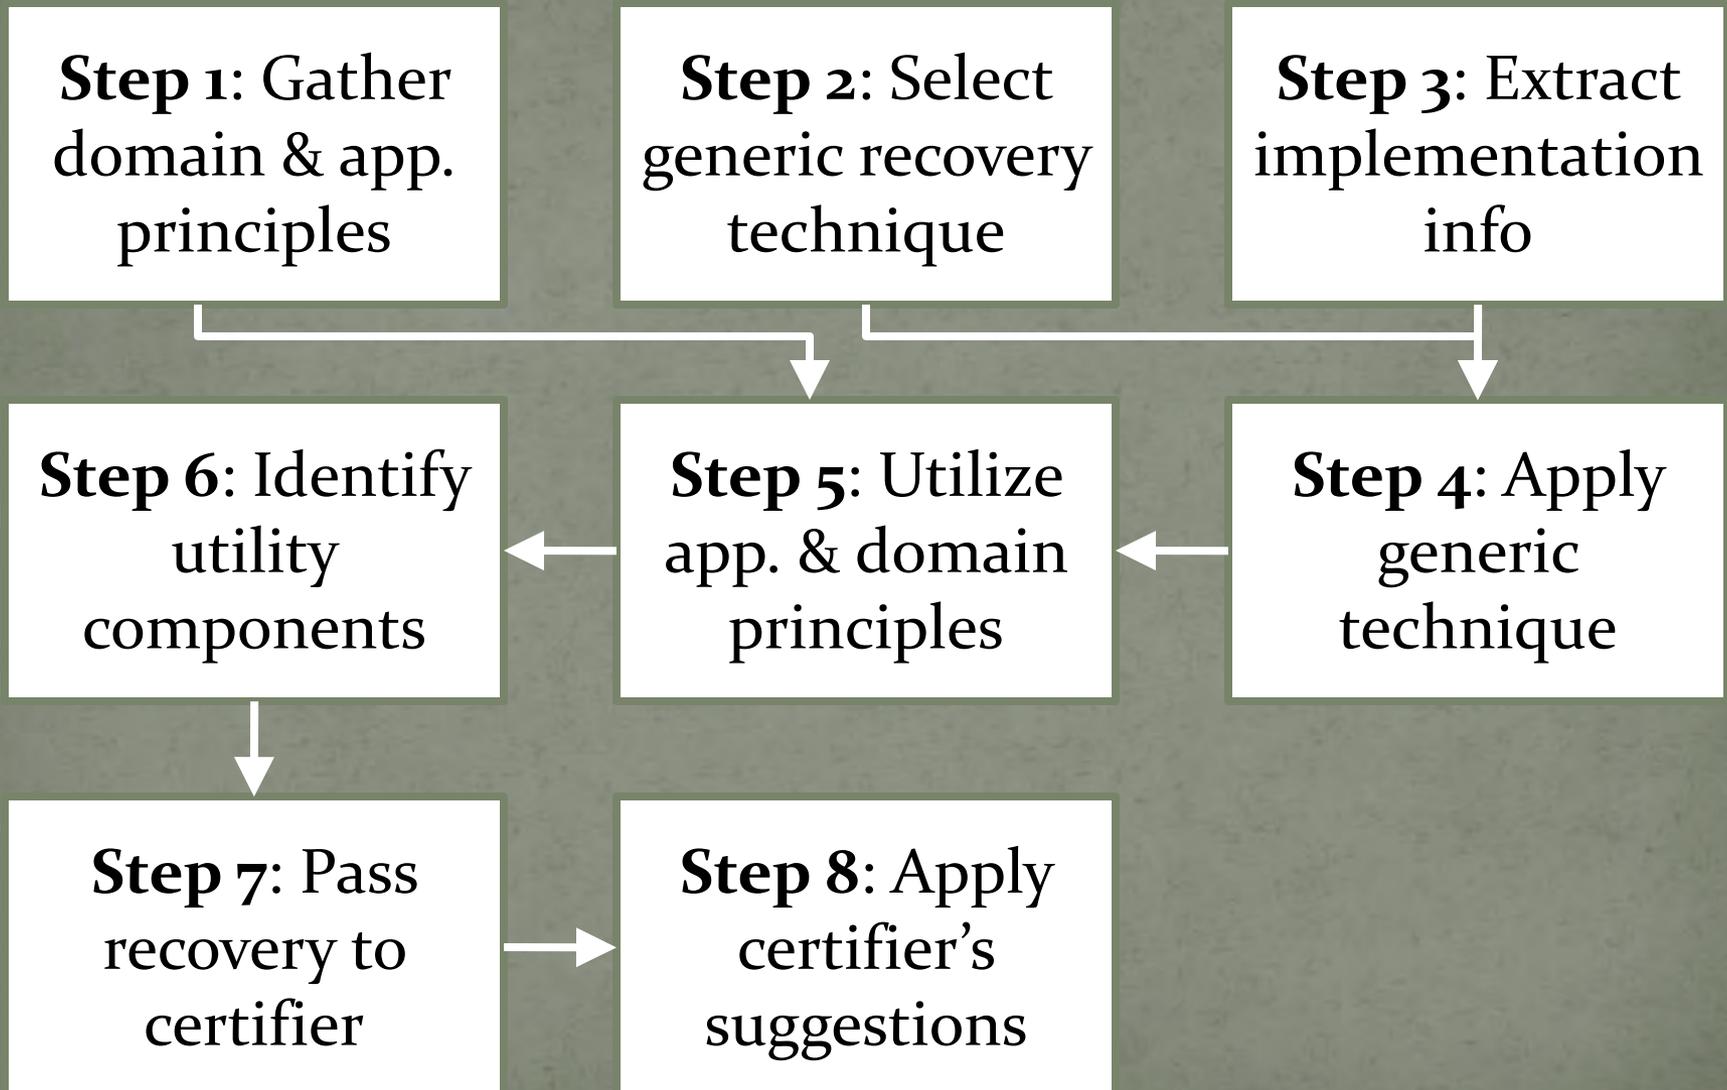

# The Eight Steps of the Process

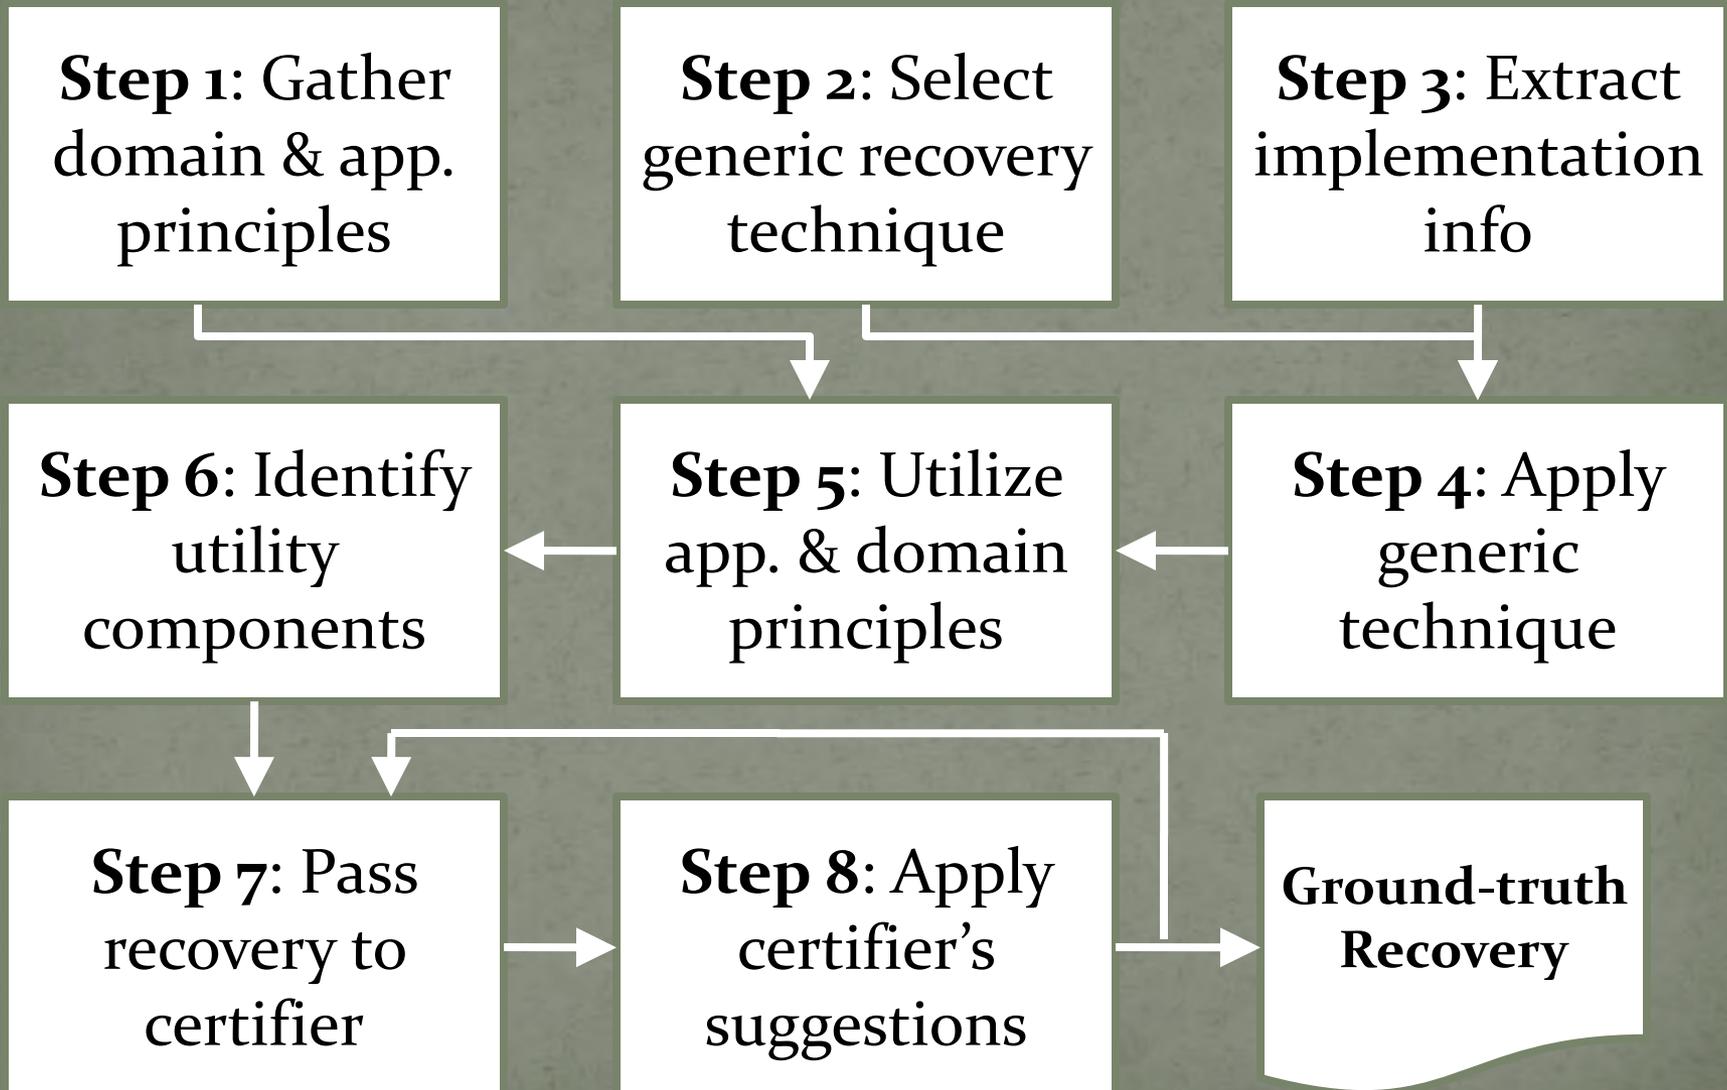

# The Eight Steps of the Process

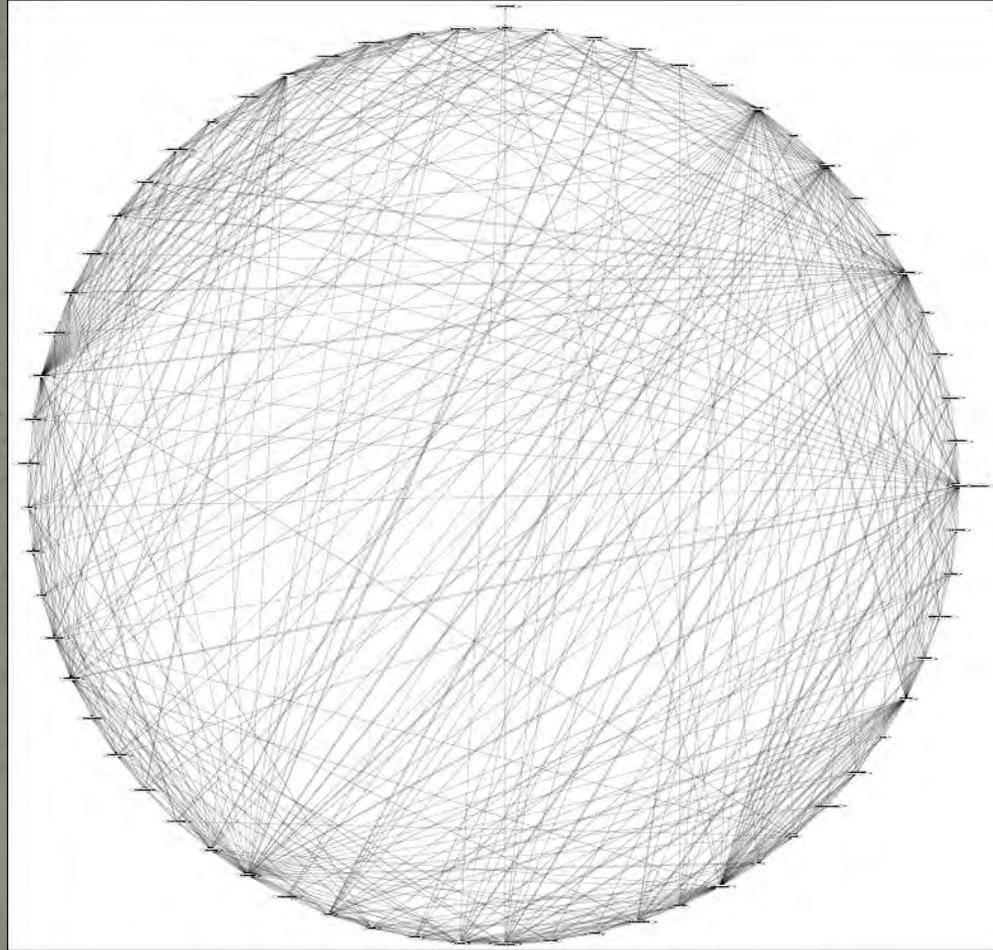

# The Eight Steps of the Process

# The Eight Steps of the Process

# Full Ground-truth Recovery of Hadoop

# Conclusion and Future Work

- Contribution: A framework for the recovery of ground-truth architectures
  - Mapping principles
  - Process
- Repository of ground-truth recoveries

Thank You
